

## BEN LEE

Programme Director at Shared Intelligence

Ben Lee has 20 years' experience in central and local government, and public policy consultancy in the UK.

He is an experienced facilitator, project manager, and researcher with specialisms in learning and knowledge-sharing programmes, communities of practice, and innovative methods for stakeholder engagement. He is also very experienced in capacity development with public sector senior managers and politicians.

He has led national futures and innovation projects relating to libraries and culture, for national and local government. He also leads national learning and knowledge sharing programmes for managers in NGOs and public agencies, and for leaders of community projects.

Ben has a degree in applied social science, and began his career in the UK Civil Service and local government in London.
